Electrical Equipment & Heating Controls

Product Code: STTPRS-C

FEATURES:

- Diaphragm sensing element ensures close temperature control for all loads and applications.
- Attractive modern styling makes this thermostat ideal for locating in the living space.
- The STTPRS-C has volt free changeover contacts for use in cooling or heating applications.
- Mounts directly onto wall or conduit box.
- Improved easy-to-wire terminals.
- Double insulated (No earth required for operation).
- Blank Dial cover (non adjustable).
- Temperature adjustment inside.
- Suitable for use with combination boilers.
- Suitable for all control voltages up to 250V AC.
- ErP Class 1

The Corgi STTPRS is a mechanical room thermostat for regulation of room temperature, and incorporates a blank cover to prevent unauthorised temperature adjustment. With neutral housing to blend in to any style decor

Designed for wall mounting, with 60mm fixing centres for back-box compatibility, and suitable for in-wall or surface-run wiring connection. The thermostat cover incorporates four breakouts for surface-run conduit. The temperature regulation mechanism is the well-proven sealed bellows system.

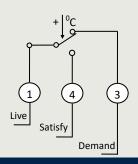

SPECIFICATION:

Temperature control range:
Switch Contacts
Switch type:
Switch Rating:
Switching differential:
Ambient temperature:
maximum Insulation:
Applications:
Connection type:
Combination boiler compatible:

10°C to 30°C SPDT, voltage free SPDT (Heating/Cooling) 10A (resistive) @ 230V AC 1°C +40°C Class II Heating or cooling systems 2 wire (switched pair)
